Oregon

Georgia

Reverse Transfer

What is the Reverse Transfer Program?

The awarding of an associate degree to students who previously attended a North Carolina Community College and fulfilled the associate degree requirements while working towards a bachelor's degree at a North Carolina participating university.

Participants in NC

Asheville-Buncombe Tech

Cape Fear

Coastal Carolina

Durham Tech

Forsyth Tech

Guilford Tech

Pitt

Rowan-Cabarrus

Central Piedmont

Davidson

Fayetteville Tech

Gaston

Martin

Stanly

Wake Tech

Participants in NC

Appalachian State

East Carolina

Fayetteville State

North Carolina Charlotte

Western Carolina

East Carolina

North Carolina State

North Carolina Greensboro

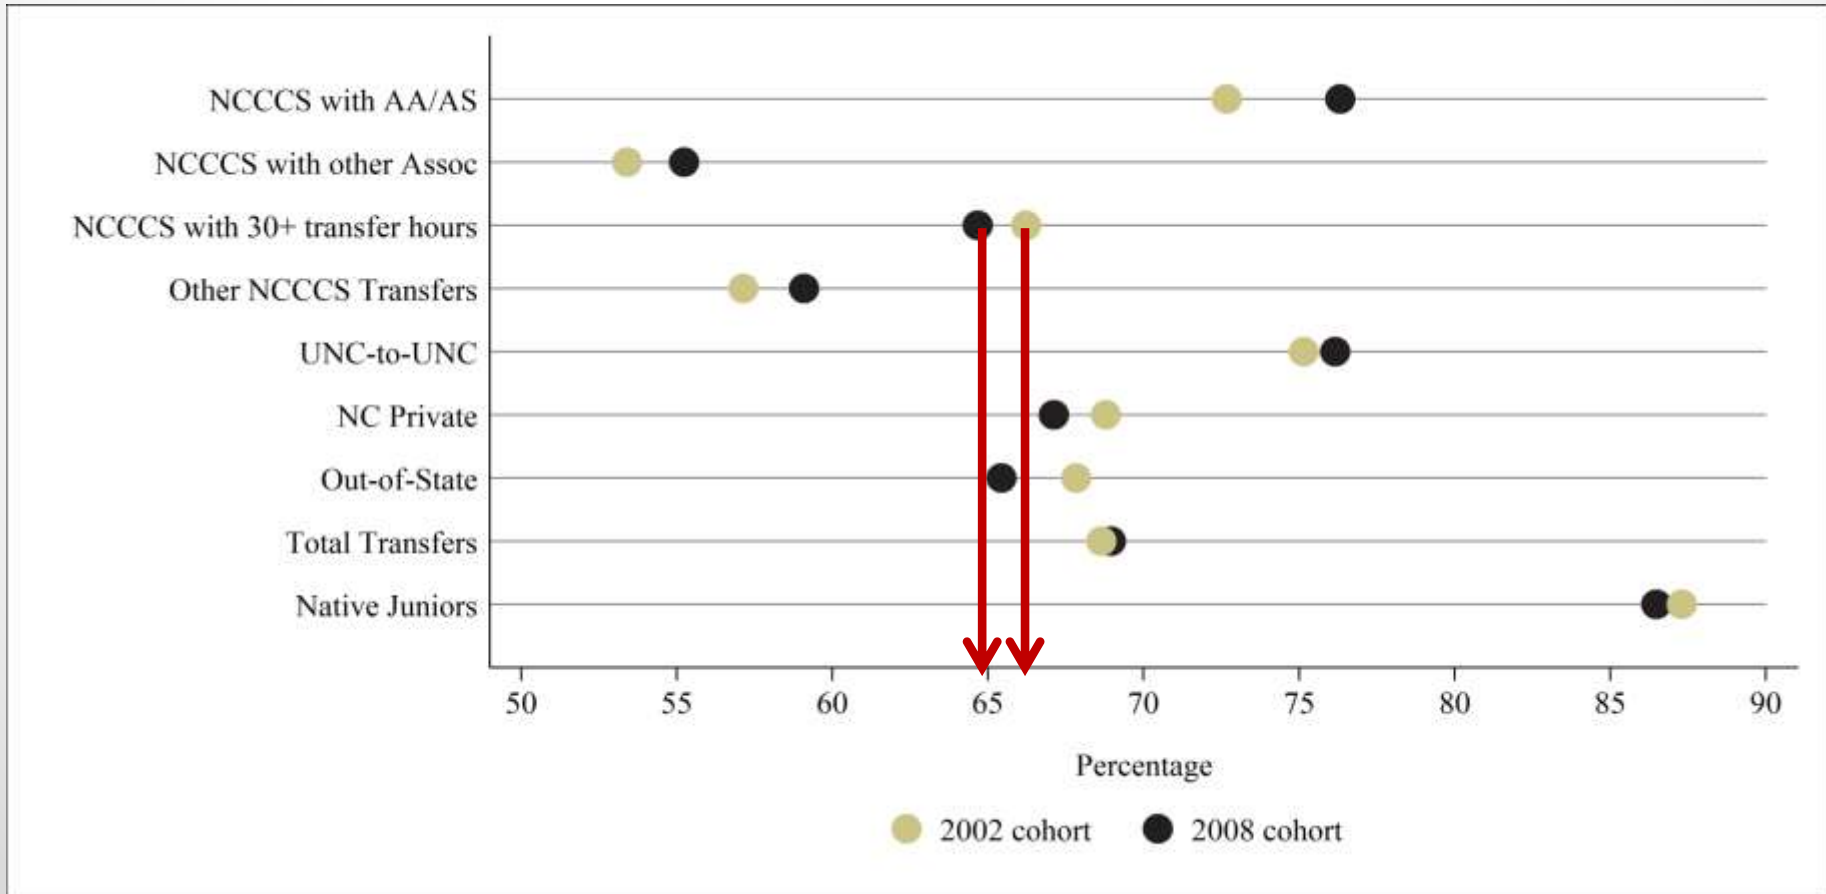

North Carolina Wilmington

WHY REVERSE TRANSFER IS IMPORTANT

A [Georgetown University](#) study through the Lumina Foundation showed that **59 percent** of jobs in North Carolina will require some form of post-secondary education or training by 2018. It also showed that **NC ranks only 27th** among the states in the number of adults with an education beyond high school.

UNC Transfer Student Graduation Rates - Juniors, 2002 & 2008 Cohorts

2005-2007

Transfers from the 15 pilot
community colleges to the 8
Universities with 16 or more hours
and no associates

3696

4 year graduation rate of

53%

Goal

- **For the Grant--2094 new associate degrees awarded by December 2014**
- **More Degrees in State**
- **Life Happens**
- **Inspire student to complete bachelor's degree**

What is needed to Complete the Project

Policies

Procedures

Agreements

Technology

Students Permission

Communication to Constituencies

Our Progress

- **Policies and Procedures---**
developed and agreed on
- **Technology in Progress**
- **Student Permissions --- almost 5000**
have said, " YES" to participate
- **June target date for sending**
transcript data to the community
colleges

Scaling UP

Will start contacting the other community colleges and universities starting this July and August to discuss.
